Celebrating 27 years in business

## **Disaster Recovery**

**Helping cities, schools, universities, nonprofits, after severe storms** to lead them through the rebuilding process and getting back in operation ASAP. Then assisting them with FEMA and/or Insurance for reimbursement.

## **Program Management**

**We know what it takes to create a successful project.** Using strategic competency for organizations, and to tie development goals with project results. CW will direct and coordinate the project team from feasibility/planning through project implementation and operation (Short- & Long-term operation).

## **Project Management & Construction Management**

**We are the Owner's in-house design and construction expert** for the specified capital program. CW services include the application of knowledge, skills and techniques to execute projects effectively and efficiently. Managing program financing, design-build services, general contracting, cost management systems, scheduling, dispute resolution, from concept through completion.

## **Environmental Program Management**

**CW Environmental Program Management is instrumental in providing for the protection of human health and the environment.** CW engineers and environmental scientists have the experience to navigate the complex world of environmental regulations across a wide spectrum of Program areas. Their extensive and distinguished backgrounds assure the client of cost-effective compliance, which limits your organization's liability.

## **Development & Hospitality**

**Proven experience in development and implementation of master plans for multi-use resort properties.** The CW Team has developed, opened, and operated resorts, retail, and attractions nationally and internationally. These include but are not limited to Hotels, Resorts, Lodging, Restaurants, Themed Entertainment, Golf facilities, Tennis facilities, Transportation, Roads, Infrastructure, LEED/GREEN facilities, Condominiums, Apartments, Custom Homes, Marine facilities, and Beach/Waterfront facilities.

### **We deliver on our commitments.**

- Whether it's meticulous pre-development research, consistent project review and updates, or post-construction follow-up, clients count on CW throughout the entire development process.
- Choose a company that clearly understands your needs. We will meet your expectations not just for a successful project now, but for your project's successful future, and your project's ability to meet the needs of generations to come.
- Whether it's the excitement of a promising project or the stress of trying to recover from disaster, CW Construction can and will meet your expectations. Highly experienced leader in the construction industry.
